TRAFFIC NOTICE

During the rush periods it is generally not possible to get back to the RV facilities.

The Albuquerque Police Department routes and restricts traffic to affect the safest and most expeditious flow of inbound and outbound traffic to and from the launch fields. They can sometimes be short with folks who stop to ask questions as their primary function is to move traffic.

Please plan your travels so that you do not have to get back to the park between the hours of **4:00am to 10:00am** and between the hours of **3:00pm to 10:00pm** as you may be routed in directions you do not wish to travel.
