“The Albuquerque International Balloon Fiesta is proud to host this elite competition,” says Sam Parks, Executive Director. “We wish all the pilots good luck and safe flights.”

Among the competitors are last year’s champions, Wilhelm Eimers and Benjamin Eimers (father and son) from Germany. Willi Eimers is a five-time Gordon Bennett champion and holds the race’s duration record (92+hours) and the record for the number of times a pilot has competed in the race. Also flying are three U.S. teams, all of whom are previous America’s Challenge champions: Noah Forden and Brenda Cowlshaw, Barbara Fricke and Peter Cuneo, and Mark Sullivan and Cheri White.
